Please Note:

Prior PM 2.5 Forecast		New State PM 2.5 Forecast (Starting in the Fall of 2012)	
Forecast Level	Pollutant Level	Action Level	Pollutant Level
Yellow	25.5 µg/m ³	Voluntary	15 µg/m ³
Red	35.5 µg/m ³	Mandatory	25 µg/m ³

"**Unrestricted Action**" – Solid fuel-burning devices may be used, but visible emissions must meet air quality regulations (see R307-302-5).

"**Voluntary Action**" – Individuals are asked to voluntarily not use **solid fuel** burning devices, reduce/stop **open burning**, and reduce **vehicle use** by consolidating trips. Industry also is advised to minimize the release of air pollution.

"**Mandatory Action**" – **Solid fuel** burning devices must not be used. **Open burning** may not occur; including fire pits, fire rings, and campfires. Reduce **vehicle use** by consolidating trips. Industry also is advised to minimize the release of air pollution.
